Welcome to Lisbon

FCCN Marcomms team

Who am I?

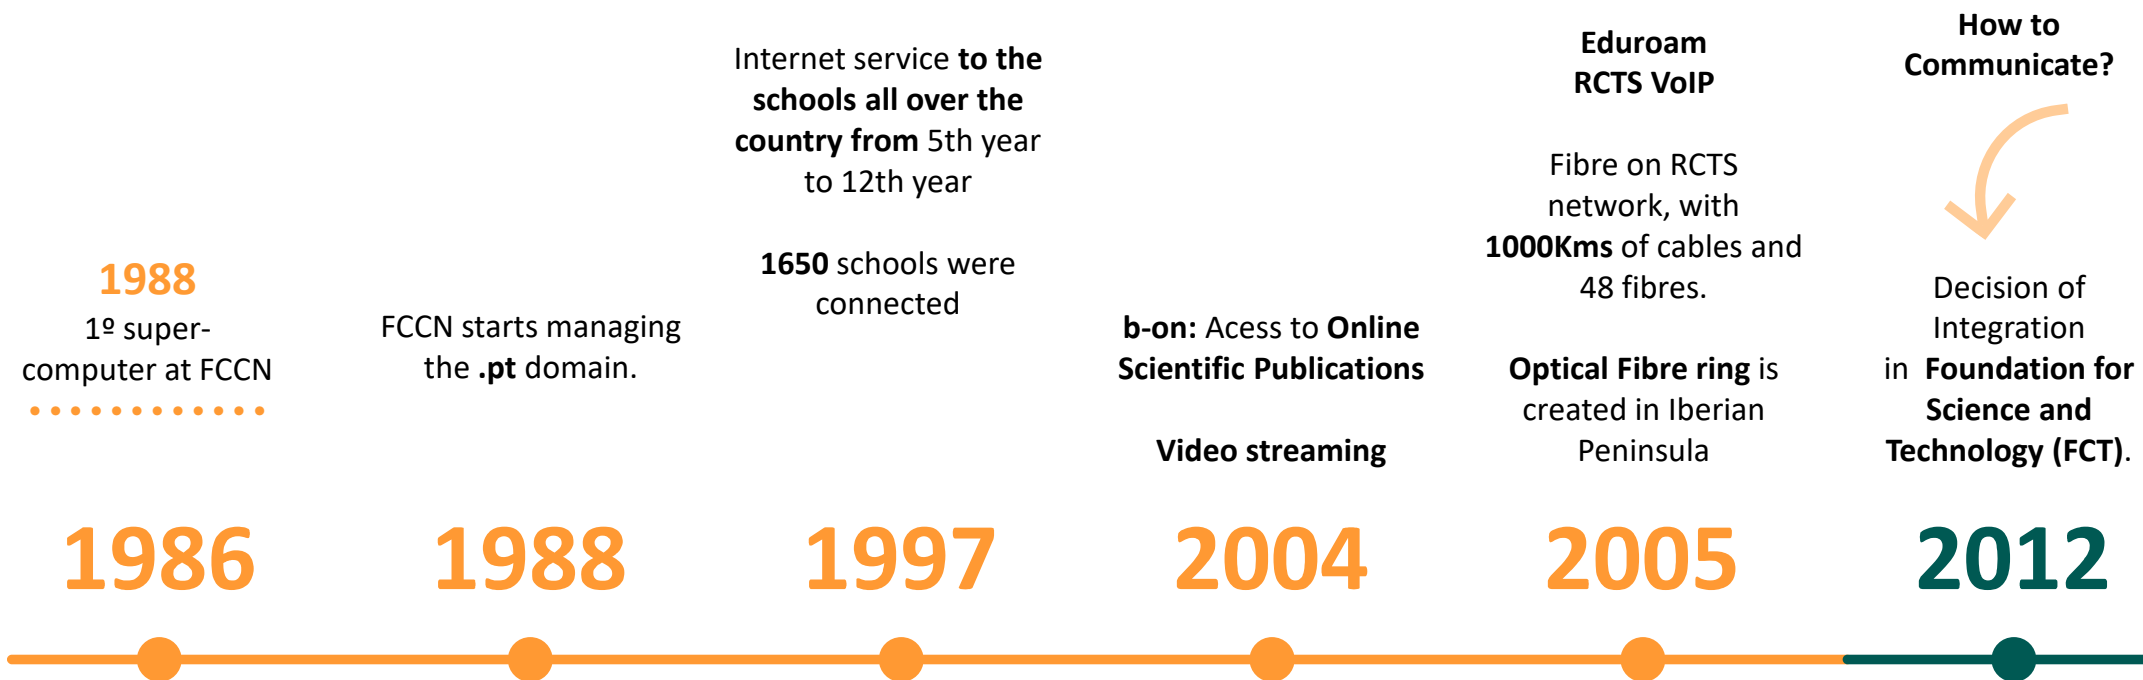

Who am I?

Mother of 2

FCCN's timeline

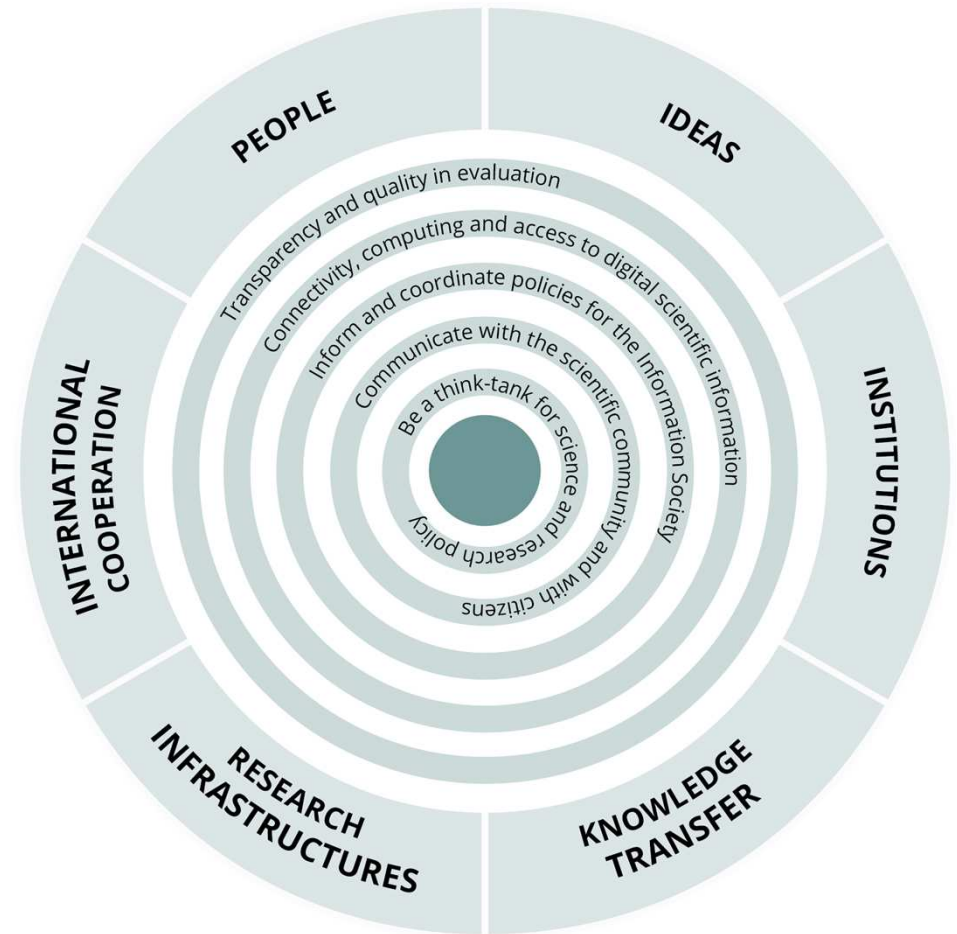

Today...

FCT

A public funded government agency, under responsibility of the Ministry of Science, Technology and Higher Education.

The national funding agency for science and research in Portugal.

Supports research with over 400 million euros per year (on average). This accounts for approximately 30% of Portugal's annual public funding in science.

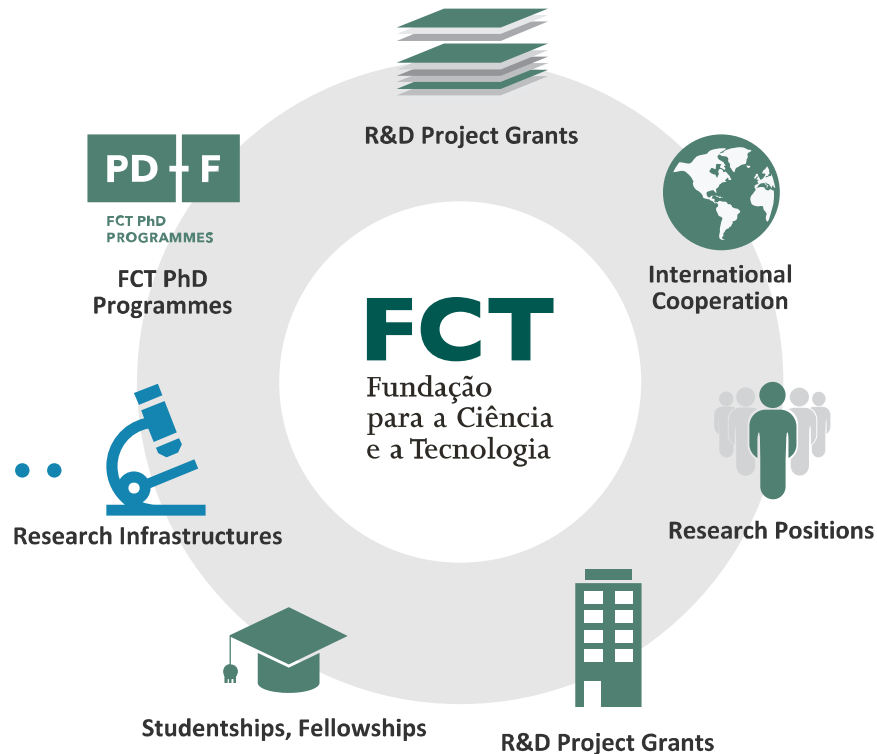

Today...

Organizational Structure

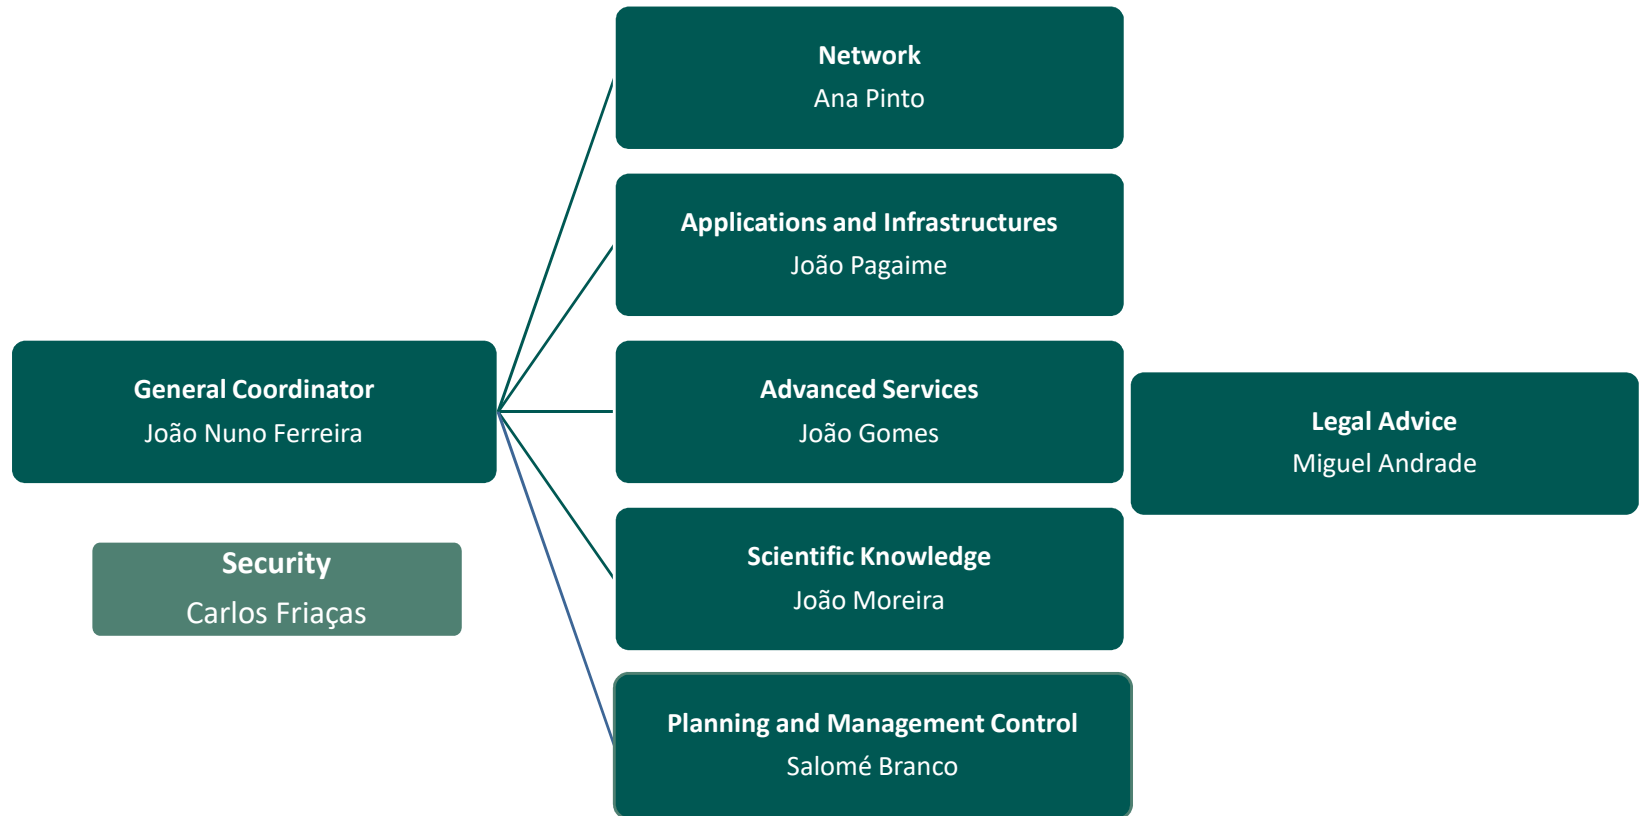

FCT's mission is to continuously promote the advancement of scientific and technologic knowledge in Portugal.

FCCN is part of the Research Infrastructures.

Internal organization

Staff

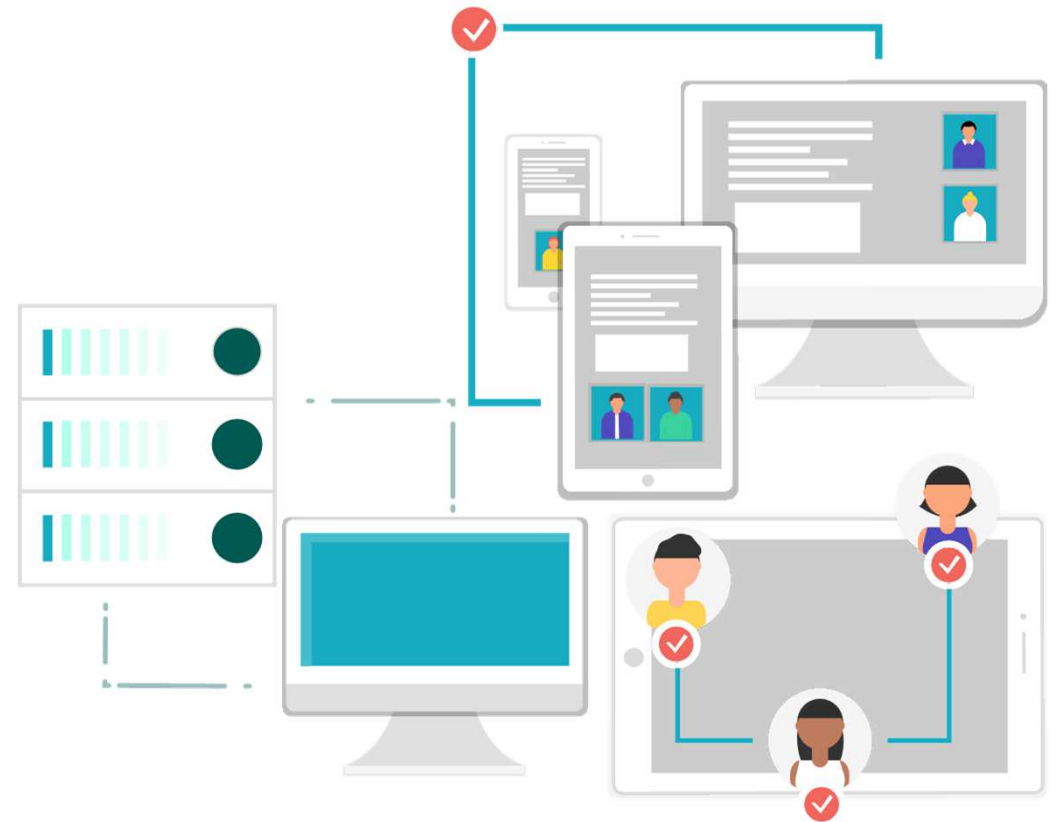

FCCN: 64
FCT: 185

TODAY.....

FCCN

FCCN is a Unit of FCT, the National Foundation for Science and Technology, Its mission is to plan and manage the RCTS – the **Science, Technology and Society Network**, which is a digital research infrastructure covering the whole Portuguese territory, that transcends all areas of knowledge.

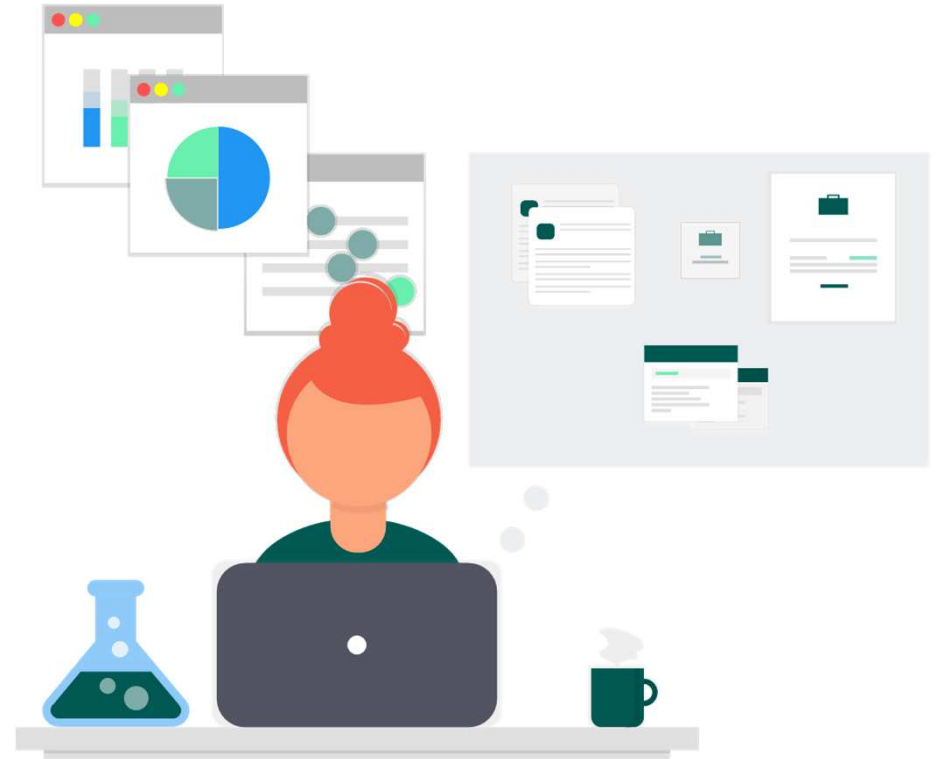

Today...

FCCN

Innovation is something that **FCCN** is continuously doing as well as giving its users an excellent service, facilitating high speed connection to Universities, Laboratories and public organizations.

FCCN aims to be ahead of its time serving its community.

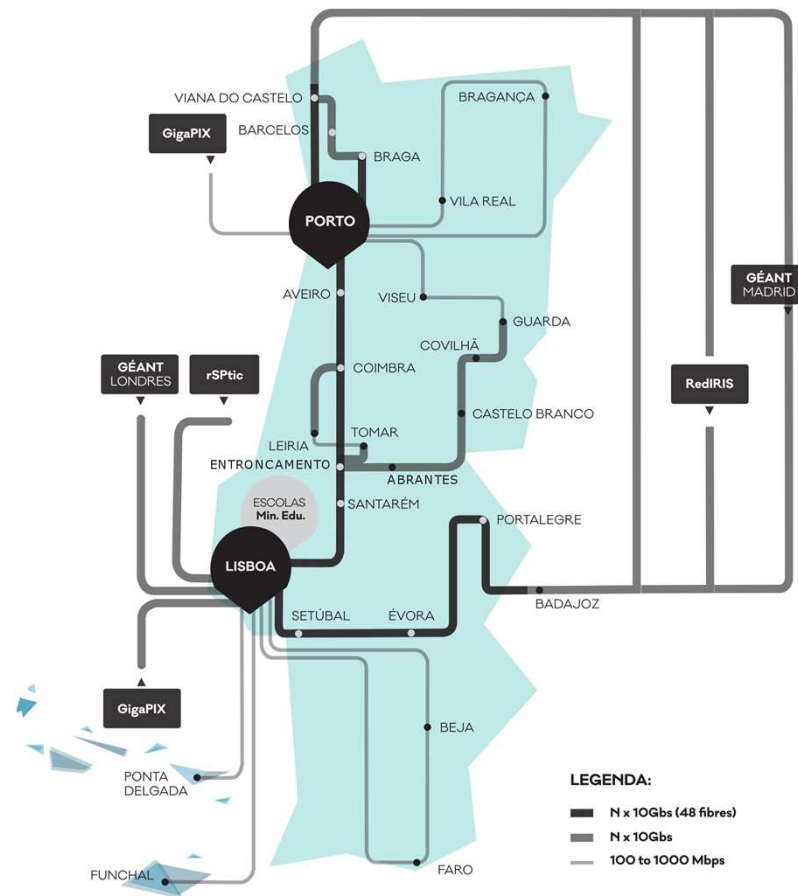

Our network

Portuguese Population: 10 316 (thousands)

Direct connections: 81
