AARC Tree Kick-off Meeting, Utrecht, The Netherlands
11-12th March 2024

AARC-TREE Compendium and Recommendations

To produce a **compendium of AARC best practices** and **deliver recommendations for a common long-term strategy for AAI services in pan-European Research Infrastructures in Europe**

- Builds on **RI Use Cases** based on stakeholder interviews
- Takes into account the **Changing landscape**, e.g. establishment of the **EOSC EU Node, EOSC Federation and EOSC 'Candidate' Nodes** etc.

WP5 - Compendium and Recommendations

[M14 - M24, April 2025 - February 2026; Summative effort: 13.5 PM]

Overall aim: WP5 will produce a **compendium of AARC best practices** and **deliver recommendations for a common long-term strategy for AAI services in pan-European Research Infrastructures in Europe.** This WP takes as **input the use cases defined in WP3**, and the proposed approach to address them in the WP1 and WP2 and following a consultation with the RIs at large will produce the final reports.

WP5 - Compendium and Recommendations

[M14 - M24, April 2025 - February 2026]

T5.1 - Compendium Design

T5.2 - Compendium Preparation and Validation

T5.3 - Compendium Publication and Outreach

M5.1 - Compendium Workshop [M15, May 2025]

M5.2 - Initial Version of Compendium [M20, October 2025]

M5.3 - Compendium Outreach Campaign [M23, January 2026]

M5.4 - Compendium Launch [M23, January 2026]

D5.1 - Compendium of Best Practices & Recommendations [M23, Jan. 2026]

WP5 - Compendium and Recommendations

Task 5.1 Compendium Design (M14-M16)

Building on:

- **Results of the use case analysis performed in WP3**
- **Technical, Architectural and Policy Guidance from WP1 and WP2**

This task will:

- **Design the compendium structure and identify required content**
- **Close liaison with the Research Infrastructures, Science Clusters and the other stakeholders identified by the project.**

WP5 - Compendium and Recommendations

- **Diverse audience for the Compendium:**
  - **Managers of the Research Infrastructures and their Service Providers**
  - **Research Communities who use their services**
  - **Technical Architects and AAI Practitioners, Policy Makers and Funding Bodies**
  - **[Changing landscape: establishment of the EOSC EU Node, EOSC Federation and EOSC 'Candidate' Nodes, c.f. OSCARS, EOSC Beyond etc.]**

A Compendium Workshop will be held in M15, May 2025.

WP5 - Compendium and Recommendations

T5.2 - Compendium Preparation and Validation (M16-M22)

Builds on the results of the Compendium Workshop (M15, June 2025)

- Gathers materials and prepares publication of the compendium,
  - AARC Blueprint Architecture and guidelines (WP1 & WP2)
  - Input from WP3 Use Case Analysis
- Compendium Initial draft presented in M20, October 2025
  - Opportunity for further community feedback
  - In close liaison with the Validation Team (WP4)

M5.2 - Initial Version of Compendium [M20, October 2025]

WP5 - Compendium and Recommendations

T5.3 - Compendium Publication and Outreach (M22-M24)

This task will :

- undertake the final editing and publication of the first version of the "Compendium of AARC Best Practices and Recommendations"
- Compendium to be published as a living document on the AARC TREE website (WP6)
- Sustainability and the maintenance of the Compendium after the project, e.g. leveraging existing communities such as FIM4R

WP5 - Compendium and Recommendations

T5.3 - Compendium Publication and Outreach (M22-M24)

- **Final version of the Compendium published in M23, January 2026**
- **Comprehensive outreach campaign to the key audiences of the Compendium in collaboration with WP7 (Communication, Dissemination and Exploitation)**

M5.3 - Compendium Outreach Campaign [M23, January 2026]

M5.4 - Compendium Launch [M23, January 2026]

D5.1 - Compendium of Best Practices & Recommendations [M23, Jan. 2026]
